

Simply Sustainable

"A designer knows he has achieved perfection not when there is nothing left to add, but when there is nothing left to take away."

Sustainability

Reinforcing structure made from wood salvaged from shipping pallets.
Outer shell made from scrap plywood.

Creativity

Creativity in simplicity.
Built-in spot for dog bowl - easy removal for cleaning and replenishing.

Structure

Rectangular design for strength.
Reinforced shell (not pictured).

Comfort

Covered and raised.
Oversized design (meant for small dog) for easy maneuverability inside.

Healthy

Large opening for increased air exchange.
No paints applied.
Reused materials for less off-gassing.

Additional Considerations

First-time SketchUp Users
Focused on practicality and viability
