

Aluminum Falcon

Team Members; Elizabeth Koroscik & Emily Tyndall

Division: Upper

Sustainability

- made from recycled wood, shipping pallets, and tennis balls
- rooftop garden

Structure

- classic rectangular design
- wooden

Creativity

- simple but bold with tennis balls covering the walls
- wooden garden box on top
- aluminum lined moat for water collection

Comfort

- covered and raised
- large design, to be easily maneuverable

Healthy

- open entrance for airflow
- no paint or chemicals added

Software

- first time Sketchup users
- focused on simple and comforting design
